PRESS RELEASE MAC TRAILER INTRODUCES BEAVER TAIL OPTION

MAC Trailer Manufacturing of Alliance, Ohio now offers a Beaver Tail ramp option on its step deck series of platform trailers. The ramps are double hinged, lightweight, structural, gripped for traction and are easily overslung onto the angled approach deck for storage.

The ramps are designed for manual positioning for easy loading and unloading when transporting rolling loads.

For further information on the Beaver Tail feature contact your MAC Regional Sales Manager or the Authorized MAC Dealer nearest you. MAC Trailer: www.MACtrailer.com
