

# MAC Rendering Trailer

## Superior Innovation and Performance

MAC Trailers Custom Features and superior construction is second to none in the Rendering Trailer Industry. We are proud to be the Nation's Leading Multi-Trailer Manufacturer and are proud to offer our customers top quality Rendering Trailers custom built to your specific needs! For over 25 years MAC Trailer has manufactured a wide variety of Rendering Trailers keeping your bottom line in mind. We have improved the industry standard by offering competitive pricing, superior service for all applications with the highest level of quality for even the most rugged haul.

***The MAC Rendering Trailers are available as frame type, frameless, tipper and end dumps. We install drain valves, splash shields, center gates, baffles, floor sumps, internal or external blood tanks and perforated hinged cleanouts. MAC also offers GALVANIZED steel frames, suspension hangers, and 5th wheel plates to help prolong the life of your trailer and lower maintenance costs. We build to your custom specs for all applications.***

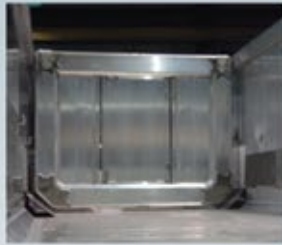

***Experience Excellence***
